

WWSA's Latest High Performance CBN Product **CBN-AMX**

Worldwide Superabrasives LLC
ISO 9001:2008 Certified

- these crystals were removed from electroplated CBN wheel's (same manufacturer) after grinding 15,000 Specific Volume Material Removed Vol ' (mm³/mm) of Inconel 718
- note the consistent 90 degree fracture mode for the AMX which directly relates to the long, consistent grinding cycles (note in the Power vs. Volume chart below)
- note that the AMX (Pink line) consistently draws lower power and provides a more free cutting crystal
- note that the Competitor H crystal, also removed after grinding the same amount of workpiece materials, exhibits a non-uniform crystal breakdown that is clearly exhibited in the Power vs. Volume chart
